## SALVATION

If you are not a believer in Jesus Christ, or aren't sure and would like to become one, then you need to believe that Jesus Christ was and is the Son of God, that he was God who became a man, that he lived a sinless and perfect life, keeping the Law of God perfect in every way, that he kept faith perfectly, and that he was crucified on that cruel cross for your sins, mine and the entire world- he died for our sins! His death on the cross paid the penalty fully, one time for all sins that we have ever committed and that we will ever commit. He died; he went down into the bowels of the earth, even into Hell, and was raised from the dead on the third day in a resurrected, eternal body. He ascended back into heaven, was seated at the right hand of God, and is now Lord over heaven and earth. He is coming again to judge the world, to raise the dead, where he will give an eternal, resurrected, glorified body to everyone that has believed on him as their Lord and Savior, and to establish his kingdom one earth.

You come become a Christian right now as you read this, by personally placing your faith and trust in Jesus Christ as your Lord and Savior; believing that he is God's only begotten Son, that he died on the cross for you and that he was raised from the dead and is now seated in heaven at the right hand of God the Father. *"Believe on the Lord Jesus, and you will be saved.."* [Acts 16:31a](#) And when you do trust Christ, and Christ alone, as your Lord and Savior, then go to God the Father in heaven in prayer and tell him so. Tell him that you have believed on his Son, thank him for his Son, and thank him for forgiving

your sins and saving you! *“That if you confess with your mouth, “Jesus is Lord”, and believe in your heart that God raised him from the dead, you will be saved. For it is with your heart that you believe and are justified, and it is with your mouth that you confess and are saved.”* Romans 10:9,10 *“For, “Everyone who calls on the name of the Lord will be saved.”* Romans 10:13 *“Therefore, being justified by faith (declared righteous), we have peace with God through our Lord Jesus Christ.”* Romans 5:1

## The Battle of the **Fire Beings** in the Skies

### Dream or Vision?

On early Sunday morning February 17, 2002 I had the most remarkable experience that I have ever had in my life. Now lest one say that it was indigestion, or merely another dream, I must comment that I am very familiar with the concept of dreams, as having experienced thousands of them over a lifetime; and I am also very familiar with the orthodox position on post early church visions. I have been ministering the Word of God for over thirty years and have my background in solid doctrine, with a background in Hebrew and Greek. Having said that, what I saw in my dream/vision was nothing like anything I have ever experienced in my life before. Knowing myself and the content of the dreams that I have had over the years, I know that what I saw was absolutely nothing like anything that I have ever experienced before; not in length, in content, or in clarity. I believe what I saw was the opening up of the heavens to see the Angelic battles that are being fought around us on a daily basis.

The dream began with me in my hometown of Redding, California. I was looking up in the sky to the east and a little bit south of town and was observing some amazing things going on in the sky. The first thing I began to notice was that the star formations in the sky didn't seem to be normal; they were moving! They not only were exceptionally brighter than the other stars, but they were moving. So, in the dream/vision, I found others and myself leaving Redding and going eastward up toward Mt. Lassen in the Cascade mountain range. Once there, located on the side of one of the hills, I had a good view of not only the sky, but also southward. It was there that I also noticed that there were many other people standing there scattered all over the mountains observing the same phenomenon. What we began to see was some unusual cloud formations in the night sky. Not a lot of clouds, but a cloud here and there that seemed to be different from other clouds that I have seen before. Those with me, and the crowd around and on the hills began commenting on the fairly small clouds that were up in the night sky, when we noticed that there was something glowing from within a cloud! The sight was so remarkable that all of our attention was on it. There was something in the cloud that was causing it to glow. Then one person began to comment that something was **in the cloud!** We all looked at it and sure enough there was something in the cloud, but we could not make out what it was. But there definitely was something in the cloud! There were actually several clouds like this one.

And as we looked, there was another cloud that we turned our attention to and it was also glowing with a very bright light, but this time we could actually see that there was something in it that looked metallic that had form, the form, somewhat, of two inverted saucers in it. Very similar to what people throughout the world have described as a flying saucer. As I stood there observing all this I was almost taken back with the thought that they actually exist, that there were flying saucers! I thought, *“My gosh, these things really do exist!”* The feeling wasn't shock, but more like reality settling in. But then the most amazing thing happened, the metallic looking ships glowing in the clouds seemed to be living in that they expanded and changed their form and balls of light started to shoot out from these saucer things, these ships glowing in the clouds.

It reminded me of firework displays, like rockets on the fourth of July exploding in the sky. All of us on the hilltops stood there watching all this amazed and impressed, almost stunned, by the display and beauty of it all, until something sinister and frightening appeared in the sky! The view of all this was to the east and somewhat to the south of us, but the next thing I saw was to the south and just to the right of the sky crafts we were looking at. A **hideous face** appeared in the sky slightly up and to the right of me. Its features were solid red as if someone drew it in the sky with a broad stroke pen. It was only a face with no body, but it was evil. Up till this time we all were amazed at what we were observing. There was no fear at all, but the sense of curiosity and being dazzled at such an amazing sight, not knowing what to make out of it, but when this face appeared in the sky, I knew it was one of pure evil and hate. When I saw the face I knew that this was something that was not only bad, but monstrously evil, then the face grew larger in the sky and its appearance changed from being evil, **to evil being directed at not only all the people on the surrounding hills observing the spectacle, but upon the entire city of Redding as well!** It was like it gave the order to attack us. When the face in the sky expanded, then we could see that all the fiery balls that had come out of the UFOs were actually **living creatures!** They came out of these space ships, if you will, and started to spread out over the skies at great speed. As they came close to us I could see their form; what they looked like! And they did not look like anything I have ever seen or imagined in my life! It appeared as if they were on horseback and they were **Beings of Fire!** I could actually make out exactly what they looked like! I could see their **faces**, all made up of **fiery red**, with **flames of fire licking up from their heads, arms and torso**. I could see their eyes and all their features, and even more important I could feel what they were like in their person. These were **beings of anger!** Of hatred! And there was nothing personal about it; their anger and hatred was the summation of their existence; it was what they stood for, what they were and they were set on destroying us in their anger! The next thing I saw about them was that they had bows and arrows in their hands. **The bows were fiery and the arrows were also fiery.** They weren't arrows with feathers, but tipped arrows on a straight shafts **all ablaze** and they went flying throughout the skies to shoot their fiery darts at the people on the hills and the people in Redding! It was then that one of them came at me to shoot his arrow of fiery hatred and anger directly at me, or those in my group. At that time I knew that I was in something that was over my head; something that I had never seen or experienced before and it was a matter of life and death. I do remember two of the people that were with me in the vision, my son and my granddaughter, among others in my family. I stepped forward in front of my son and took

my left arm to push my granddaughter behind me. I was going to take the fiery dart in me, if that's how it played out. Then it hit me, the words came to me that I had to **stand by faith!** The words, **"You must stand by faith, or you will not stand at all"** went through my mind and there I stood by faith! The Fire-Being was not swayed by anything pertaining to humanity at all; he launched his fiery dart at me without any emotion whatsoever! But when I made my stand of faith I was filled with the most pure and relaxed confidence, peace and joy that I have never experienced before. He launched his fiery dart directly at me and it went to nothing; it disappeared without any harm to me at all. But as I looked I could see him and many others of these Fire-Beings shooting their arrows at other people on the hills and in the town and hitting their marks.

Then another amazing thing happened in this angelic warfare in the sky. When I made my decision to stand up to these Fire-Beings in the sky, another group of Beings suddenly appeared on the scene. These Beings were very human in appearance, but very colorful, radiant with joy and healthy. I would say that they were two to three times the size of a human being and the skin on their faces was coppery, but more like a very good suntan. One came amazingly close to me as he was chasing one of the Fire-Beings so I could see his features very clearly. They had swords in their hands and they pursued the Fire-Beings with great enthusiasm and joy, much like a chicken after a June bug. They slashed at the Fire-Beings with their swords and the battle was over very quickly. I noted that **nothing happened until I stood by my faith!** The Fire-Beings were attacking people at will all over the place without any opposition to them whatsoever, even as I stood there watching them. But the moment I stood by faith the other heavenly creatures appeared on the scene and drove them away!

**And then the most amazing thing happened!** After all this **there was an immense Being who stood there in the southern sky!** He too appeared as a man, but an immense man, larger than the other beings. I thought at first, was this Jesus Christ? But there was nothing in all of this that gave me the impression that it was the Lord. **He just stood there radiant, happy, relaxed, calm, victorious, so colorful,** and one of the things that impressed me was the vividness of all the colors in this vision from the hateful being in the sky, to the Fire-Beings, to the heavenly creatures that appeared and drove them away, to the final being who stood there in victory, and he just stood there and **there on his chest was emblazoned the American flag!** I knew what I had seen was a peek into what actually transpires everyday in the lives of God's people on the earth, but why the American flag. I knew it wasn't Christ, for he isn't an American, but what did it mean? I had been given several suggestions, but the one that made the most sense to me was that it was **a vision of the angel who had been assigned by God to be over America.** If Michael, one of the chief princes, was the celestial being assigned by God for Israel, why couldn't there also be **an angel assigned by God for America?**

You're entitled to make up your own mind, come to your own conclusions, believe it or not. But I know what I saw, what I felt, what I experienced and I have never seen anything in my life like this, and it's still with me today with amazing clarity, something that no dream I have ever had has ever done; usually I forget them upon awakening, but not this! So, was it a dream, or was it a vision? I believe what I saw was an opening up of a portal into the Angelic conflict, but this time seeing them as they really are. I believe

what I saw that morning was the demons under Satan attacking the people of god on earth with their fiery, burning darts, and the angels of God arriving on the scene, under this one chief angel who had the American flag on his chest, to drive them away!
